

Special Issue

« Highlights of the Mediterranean Neuroscience: News and Views »

in Journal of Molecular Neuroscience

Pr Illana Gozes (Sackler Faculty of Medicine, Tel Aviv, Israël) and Dr Youssef Anouar (Inserm U1239, Rouen, France) will co-edit a special issue of Journal of Molecular Neurosciences entitled « Highlights of the Mediterranean Neuroscience: News and Views » where articles or reviews are invited from participants of the 6th Mediterranean Neuroscience Meeting held in Malta in 2017. For more information on the format and on submission of manuscripts, please see the following websites <http://www.editorialmanager.com/jomn/default.aspx> (for submission) and: <https://link.springer.com/journal/volumesAndIssues/12031> (for more information and free online articles). Submissions are due for May 2018 and the publication is programmed for autumn 2018 to be highlighted during the 48th Neuroscience Meeting in USA.
